

L-R Paula Sledge and June Hannon update the Donor Board.

### Is your name among those we are adding to the Donor Board?

Every so often Paula Sledge, Sharon Ritchey (when she can join us) and I get together for a super time of playing "shuffle" on the Donor Board. When our generous members make an additional donation we move them up to the next level – but our favorite part of the "shuffle" is adding new names of donors.

We thank each of you who had the faith that our Museum would be a success. Because of your generosity we have become the "Gem of the Valley".

We continue to operate with volunteers and your donations. We know you enjoy the Museum and hope you appreciate all we do for the San Ramon Valley. Please consider making a donation of any amount, it all helps. And again, thank you for making our dream a reality!

Cheers,  
June Ransom Hannon

## Thank you for making the dream a reality!

### Train Master

Anonymous Donor  
Chevron Corporation  
Dean & Margaret Leshar Foundation  
J.M Long Foundation

### Does Your Employer Match Donations?

When you make a donation to the Museum, remember to check with your company about matching donations. Your company's matching donation doubles your Museum support for the cost of a postage stamp.

Thank you for remembering to take advantage of your company's matching donation program.

**Train Master** - \$40,000 +  
**Station Master** - \$20,000 +  
**Conductor** - \$10,000 +  
**Engineer** - \$ 3,000 +  
**Fireman** - \$ 1,000 +

**The Donor Board is updated annually.**  
**All cash gifts are combined to determine levels. Cash gifts include dues, sponsorships, grants, memorials, and documented cash donations.**

### Got Space?

The Museum's free storage space in San Ramon, generously donated for three years, has come to an end. Storage costs are still a bargain by market standards, but it is an unexpected cost that will require additional fundraising this year.

Jim Lane – House Committee
